

# CERTIFICATE OF COMPLIANCE

**Certificate Number** 20170831-E93617  
**Report Reference** E93617-20170830  
**Issue Date** 2017-AUGUST-31

**Issued to:** SCHURTER AG  
8-12 WERKHOFSTRASSE, PO BOX 4168  
CH-6002 LUZERN SWITZERLAND

**This is to certify that  
representative samples of**

COMPONENT - ATTACHMENT PLUGS WITH  
OVERLOAD PROTECTION  
SEE ADDENDUM PAGE.

Have been investigated by UL in accordance with the  
Standard(s) indicated on this Certificate.

**Standard(s) for Safety:** UL 60320-1, CSA C22.2 No.60320-1-11 - Appliances  
Couplers for Household and Similar General Purposes  
UL498 - Attachment Plugs and Receptacles

**Additional Information:** See the UL Online Certifications Directory at  
[www.ul.com/database](http://www.ul.com/database) for additional information

Only those products bearing the UL Certification Mark should be considered as being covered by UL's  
Certification and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog  
number, model number or other product designation as specified under "Marking" for the particular  
Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products  
that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark:  
 may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is  
required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual  
recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance  
capabilities and are intended for use as components of complete equipment submitted for investigation rather  
than for direct separate installation in the field. The final acceptance of the component is dependent upon its  
installation and use in complete equipment submitted to UL LLC.

Look for the UL Certification Mark on the product.

Bruce Mahrenholz, Director North American Certification Program

UL LLC

# CERTIFICATE OF COMPLIANCE

**Certificate Number** 20170831-E93617  
**Report Reference** E93617-20170830  
**Issue Date** 2017-AUGUST-31

This is to certify that representative samples of the product as specified on this certificate were tested according to the current UL requirements.

Appliance Inlet with overload protection, Series 4707 and 5707

## NOMENCLATURE BREAKDOWN SERIES 4707

4707 - X X X X - X X X - 0 0  
I II III IV V VI VII

### I – Terminal L

0 = Quick- connect terminals 6.3 x 0.8 mm  
1 = Quick- connect terminals 4.8 x 0.8 mm  
2 = Solder terminals

### II – Terminal N

0 = Quick- connect terminals 6.3 x 0.8 mm  
1 = Quick- connect terminals 4.8 x 0.8 mm  
2 = Solder terminals

### III – Terminal PE

0 = Quick- connect terminals 6.3 x 0.8 mm  
1 = Quick- connect terminals 4.8 x 0.8 mm  
2 = Solder terminals  
3 = Filter earth bar  
6 = without terminal (PC II)

### IV – Fuseholder

1 = 1 pole fuseholder  
2 = 2 pole fuseholder

### V – Mounting

0 = Flange with countersunk holes  
1 = Flange with through holes  
3 = with special Flange / cut out

### VI – Color

0 = black

### VII – Fuse Carrier

0 = without O-ring  
1 = with O-ring
